To W.m L garrison From Richard Hopkins Borne in Kentucky 1790
which State I visited Last July under of the Liberator from the first I
Ever Seen it 1833 perhaps untill the good & great Design was accomplished how
Much Self & family was & is Benefitted Cant just Say as the pleasure is
not beged & gives No signs of Exhaustion the present acknowledgment is Neither the
Smallest Nor Largest but feel it impossible to say how much I feel indebted but Still to
partake of the Spoils of others yet particularly the Demonstration given at Tam-
as your great & good friend & Brother R. J. Thompson was pleased to Enjoy so
Bountifull a feast I Read the Convicestand & then the practical Christian from
first to the end since I have patronized A.J. Davis writings with much pleasure & am
Not sure But will have progressed again Election Time Rolls Round to Cast a
Ticket for the first Time in my life for a U.S president should no out be part

Called his first Mr L. I living Eighty Miles of wrote & then I sent to R.F Walcutt obtained

Friends in Kentucky & Else where untill I Could get no Response only if I came there
Not say any thing about Abolition a thing would hard to Comply with there
